Your business partner

We are leaders in more than 30 practice areas and work to ensure that all these areas are benchmark for the market.

While our practices are always evolving, it is also part of our strategy to create new business fronts.

In that regard, we have created industry groups and new market niches within our firm, which combined with our comprehensive knowledge of the legal market and our clients' demands, are examples of our efforts to keep us at the forefront in the provision of legal services.

Our clients include domestic and foreign corporations, financial institutions, investors, multilateral agencies, investment funds, pension funds, insurers and reinsurers and non-profit organizations.

Long-term commitment

The firm is an ever-growing and innovative institution that is strengthened by investing in its relationships with its clients and its culture.

As we evolve, we create growth opportunities for our professionals, building a team committed to the continuous improvement and renewal of our firm and providing our clients with excellence in our services.

Mattos Filho is headquartered in São Paulo and have offices in Rio de Janeiro, Brasilia, New York and London.

Social activities

Our social responsibility and the impact of our activities are important to us and, for this reason, we maintain an active corporate social responsibility agenda in the firm.

We pioneered pro bono services in Brazil and we now launch Mattos Filho 100% Pro Bono, an initiative created to improve our work to pro bono clients by offering a team of professionals fully dedicated to providing free legal services.

With this initiative, we encourage career opportunities to professionals interested on topics related to human rights, the exercise of citizenship and the strengthening of the democratic State. Important international institutions have traditionally recognized our pro bono services, highlighting our dedication and pioneering in the area. As part of our social activities, we also encourage social and environmental transformation in the regions we operate through volunteer projects.
